PATENTED

**PRO PLUG® SYSTEM for Wood** combines the strength of top-down fastening with the high-end finish of face grain wood plugs. This comprehensive system allows deck builders to drill, screw, glue and plug all types of hardwoods in a fraction of the time required for traditional plug fastening methods.

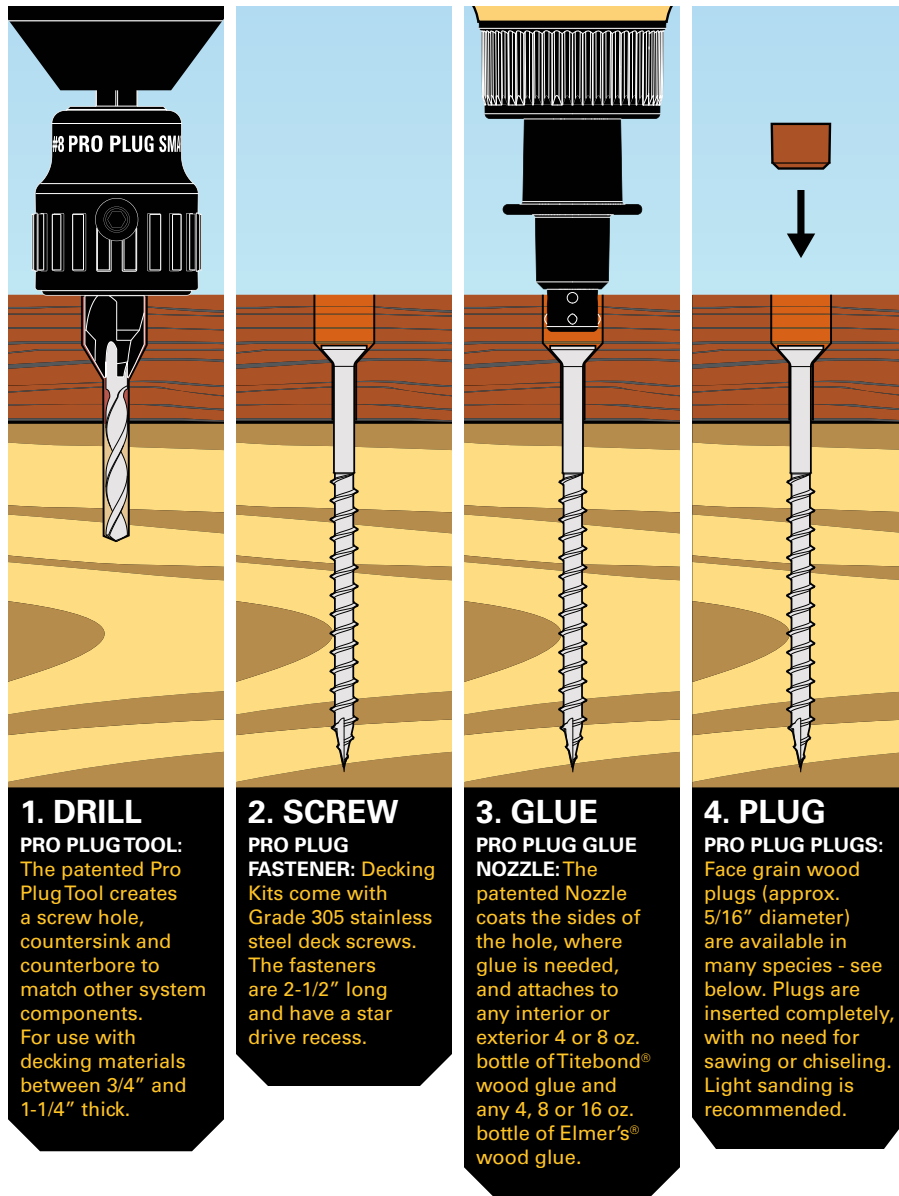

All of the Pro Plug System components have been carefully and precisely engineered to maximize performance and provide the best finished result. The system features face grain wood plugs, stainless fasteners, a pre-drilling and counter-boring tool and a glue nozzle that applies glue to the sidewalls of the counter-bored hole. See opposite for available wood types.

**Pro Plug Flooring Kits:** Flooring kits are also available, with zinc plated fasteners, for indoor use.

**Fastener  
inserted into  
pre-drilled hole**

**Finished  
surface  
with plug**

### 1. DRILL

**PRO PLUG TOOL:** The patented Pro Plug Tool creates a screw hole, countersink and counterbore to match other system components. For use with decking materials between 3/4" and 1-1/4" thick.

### 2. SCREW

**PRO PLUG FASTENER:** Decking Kits come with Grade 305 stainless steel deck screws. The fasteners are 2-1/2" long and have a star drive recess.

### 3. GLUE

**PRO PLUG GLUE NOZZLE:** The patented Nozzle coats the sides of the hole, where glue is needed, and attaches to any interior or exterior 4 or 8 oz. bottle of Titebond® wood glue and any 4, 8 or 16 oz. bottle of Elmer's® wood glue.

### 4. PLUG

**PRO PLUG PLUGS:** Face grain wood plugs (approx. 5/16" diameter) are available in many species - see below. Plugs are inserted completely, with no need for sawing or chiseling. Light sanding is recommended.

**SCREW DOWN STRENGTH. PERFECT FINISH.**

Drill, Screw, Glue & Plug in under 20 seconds. The Pro Plug System is designed to save time and money while achieving a high-end and durable finish.

### COMPONENT PACKS

**PRO PLUG DECKING AND FLOORING KITS:** Plugs, screws, and the Glue Nozzle, available in **100 pc.**, **350 pc.** (100 sq. ft.) and **1050 pc.** (300 sq. ft.) packs with equal numbers of plugs and screws. Decking kits contain 2-1/2" stainless screws. Flooring kits contain 1-5/8" zinc plated screws.

**PRO PLUG TOOL:** Countersinking and counterboring tool with three standard bits and a stub bit for plug-only installations.

**PRO PLUG TOOL REPLACEMENT BITS:** Five standard bits for the Pro Plug Tool.

## AVAILABLE PLUGS\*

\*Pro Plug Flooring kits are available in additional wood species, including: American Cherry, American Walnut, Eastern White Pine, Genuine Mahogany, Poplar, Red Oak and White Oak. Other species of wood plugs can be made to order for larger projects.
